GENERAL APPEAL IS MADE TO ALL DEMOCRATIC VOTERS

Chairman Griggs of Congressional Committee Asks for One Dollar Subscriptions

FUND TO BE USED IN COMING CAMPAIGN

WASHINGTON Aug 10—Chairman Griggs of the Democratic Congressional Committee today sent out many thousands of circulars calling for $1 subscriptions from Democrats throughout the country the money to be used for the coming campaign In his letter Chairman Griggs says

To all Democratic voters If there ever was a time in the history of the Democratic party for a manifestation of loyalty and patriotism on the part of its members it is right now If we are to win a victory and elect a President two years hence we must first elect a House of Representatives this fall A Democratic House can and will investigate every department of the Government With all these honeycombed with graft the edges of which only have been touched by recent exposures and prosecutions there will be a revelation of rottenness that will astound the country and create a demand for a Democratic administration to clean the Government workshop

To win the House we need money to defray legitimate expenses to get out our vote We have no protected monopolies from which to draw to fill our coffers as they do those of the Republican party We must therefore appeal to loyal Democrats for contributions Will you send $1 at once and in return for this we will send you copies of our campaign literature issued by the committee You have the thanks of the entire Democratic party for your favorable response to our request Address all remittances to J M Griggs Washington D C

CONVICTS CUT THROUGH A WALL; ONE IS CAPTURED

Daring Criminals Make Risky Escape From Nevada Penitentiary, and Flee to High Mountains

POSSES ARE ORGANIZED AND SENT ON TRAIL OF FUGITIVES

CARSON CITY Aug 10—Three prisoners one of them the most desperate in the State Prison, escaped from their improvised cells near Carson shortly before 1 o'clock this morning In less than a half hour their absence was discovered and before 5 o'clock every available guard under the command of Captain Cavanaugh was on the trail of the fugitives They were accompanied by two experienced Indian trailers from the Indian School

Before 1 o'clock in the afternoon one of the escapes was taken into custody near Clear Creek about six miles southwest of the prison He was completely exhausted and in no condition to make resistance and a small amount to be taken in charge by his captor Ed Wilson

The convicts who escaped are

Celso Ayala convicted of murder in the second degree and under life sentence The crime was committed in Lincoln County and was most cowardly According to the evidence Ayala struck the alleged shot him upon his victim and cruelly stabbed him in the back The jury stood eleven for the death sentence to one for murder in the second degree As it requires the lighter verdict was agreed upon

Albert L Blackwell mother of the escapes was convicted of grand larceny in Elko County He was serving a sentence of six years and was received at the prison during November 1904 Heretofore he has been an exemplary prisoner and an application for pardon pending before the prison board was to be acted upon today Though not given out officially it is understood he was to have been given his liberty

Guy Vernon who was captured early in the chase was convicted in Elko County for forgery He was sentenced to two years and had he retained his credits would have been released within eleven months The descriptions of the three convicts as telegraphed to all parts of the state soon after the escape was discovered are as follows

Name Celso Ayala nativity Mexico crime murder in the second degree term life County from Lincoln age 25 height 5 feet 7½ inches weight 141 complexion dark (Mexican) color of eyes dark brown color of hair black size of foot 7½ high cheek bones nose turned up slightly small round chin slight build boyish appearance low forehead heavy dark eyebrows small ears that project well out scar one half inch long about three inches above right wrist teeth all good except a small piece broken off of two upper front teeth small scar one inch long at lower end of small column two small scars on back of right wrist scar size of a dollar on right knee scar about two inches long on right shin three small dim scars on outside of right leg about four inches above knee

Name Guy Vernon crime forgery term two years County from Elko age 23 height 5 feet 1¾ inches weight 113 complexion dark color of eyes blue color of hair dark brown size of foot 6 teeth in good condition one scar three inches above right wrist on right forearm knife scar on left wrist about three inches long small brown mole at junction of right arm and body two small brown moles on shoulders small discolored scar four inches below waist line next groin lump from broken bone on top of left foot small boyish face

Two Still Free

Up to late hour tonight reports from the posses in pursuit were received but the two convicts still at liberty had not been seen It is known however that the officers are within a half hour of the fleeing desperadoes and news of their capture may be received at any moment The prisoners have secured civilian clothing that is they are attired in blue overalls having secured these from among the effects of the workmen employed in remodeling the prison So far as known they are not wearing coats In addition they are armed with knives and cleavers stolen from the prison kitchen A flour sack filled with bread and meats is also included in their equipage This places them in a position to remain hiding for a week at least If they succeed in keeping out of sight for this length of time the chances for their capture will not be great The fact that the posses so close to the fleeing felons will probably not give them an opportunity to go into hiding Captain Cavanaugh of the prison is confident that the men cannot escape and expressed the belief that they would be safely landed within the next twenty-four hour

Every resort around Lake Tahoe has been warned of the escapes In addition the officers at every station between Sacramento and Ogden are now in possession of descriptions of the convicts The entire southern country has been covered thoroughly

Are Well Surrounded

In this way the prison officials have practically thrown a cordon of guards around the convicts and escape is deemed almost impossible The three convicts were employed at work that required them to be released from their cells early in the morning For this reason they were not confined in what is now termed the bull pen where a majority of the prisoners are locked up during the night For months past Warden Considine has been compelled to employ a double force of guards to prevent escape This has been made necessary because of the fact that the old cells have been torn away and new steel cages are being installed While this work has been in progress the prisoners have been held in check simply by force of arms The result is the guards have been kept busy frustrating plans for escape and subduing prisoners always intent upon inciting an uprising Every precaution possible has been taken to prevent escape but the task of caring for desperate men in all parts of the big prison at the same time finally resulted in the escapes yesterday morning

A few minutes previous to the escapes a guard made the rounds and found the prisoners apparently asleep It was during his next visit that the

WOMAN FINDS MAN HIDDEN IN A CLOSET

Prepares to Undress and When She Hangs Up Her Clothes She Places Her Hands Against a Burglars Face—He Escapes in the Darkness

WHEN Mrs Louis Bexier of 226 Flint street prepared to retire last night and when she drew the curtain of clothes closet to hang up her clothes she was horrified by the sensation of having her hand against the face of a burglar who was hiding there

He said in a muffled voice Keep quiet or I'll kill you and she answered woman like with a shriek that could be heard for a city block The robber grabbed her roughly and escaped from the house Mrs Bexier too frightened to realize what had happened ran from the house in her night clothes and aroused the neighbors The police department was notified and Captain Alter and Officer Trembley responded promptly

The burglar had escaped An examination showed that he had removed a screen from the bath room window luring Mr Bexier's absence from the house and on hearing her enter had hastily hidden himself behind the clothes in the closet In the meantime he had ransacked the place Bureau drawers had been emptied and mattresses overturned Luckily he had overlooked the valuables and so far as is known had secured nothing for his pains

Mrs Bexier cannot identify the man as she did not see him in the dark of the closet

Fighters Post Their Forfeits and Will Start in Training

GOLDFIELD, Nev., Aug. 10.—The final articles of agreement for the Gans-Nelson fight on September 3 were signed this afternoon. Both Gans and Nelson posted their forfeit of $5,000.

Billy Nolan states that the "Battler" will lay off and rest for a few days before beginning training. Nelson will positively train here, probably at Crystal Springs. Jack Clifford will be his sparring partner. Gans is very much elated over the outcome. The seat reservations already indicate a large attendance from both East and West. A permanent arena will be erected.

Joe Egan May Act.

Goldfield is still awaiting an answer from Joe Egan, the successful manager of many big goes between heavyweight men, who has been asked to take the place of Rickard, but the telegrams and letters sent from the mining town and by Al North and Arthur Langan of Reno have received no response. Yesterday Battling Nelson, who arrived here from Salt Lake, stated that he knew Egan to be a reliable man to handle the management and that he would accept the former manager of Jeffries without a kick.

Joe Egan is twenty miles from Fairview, in the mining country. He receives his mail at Stillwater and his telegrams are sent there. North and Langan assert that the reason that no answer has been forwarded here is that because Egan is so far from civilization that he has not been told of the wishes of the Goldfield sports.

Egan is said to know the men who would furnish the best preliminaries and as they have not been decided on as yet, the fight fans are anxious to have the matter settled.

The situation at Goldfield has inspired the people with confidence in the success of the Gans-Nelson mill. Gans has been assigned training quarters at Columbia, one mile from the mining town.

Nelson has already suggested Bobbie Lundie as his sparring partner for the few weeks before the men enter the arena. Lumber for the amphitheater is on the way to Goldfield from Reno.

Nelson Leaves Reno

Battling Nelson, the acknowledged champion of all the lightweight fighters in the world, departed from Reno for Goldfield yesterday on the Tonopah local after spending a few hours here in company with John Nolan and Al North. The fierce Dane was the idol of the throng during his sojourn here, and before he left even his women admirers crowded around the entrance to the Pullman, and one of the number whose name could not be learned attempted to kiss him. The Hegewisch kid did not object; instead he asserted to his friends that any lady who was so enthusiastic over a fighter as the adoring one seemed to be deserved some salutation in return.

Then the Bat stepped on the train and was hauled away to the mining camp.

According to a telegram received by Nolan he will not return to Reno and make his training quarters here. Instead he will be accommodated at the town which has offered the purse.

Battling Nelson, a product of the stock yards in Chicago, directly resents the assertion made by Gans that the latter can beat him and so offers to give the purse to charity. He calls such allegations absurd and he says that if the negro can lick him in the time mentioned he will donate the African $1,000. Nelson says that Billy Nolan understands his wishes concerning the articles of agreement and he knows that any arrangements the latter has made will be satisfactory to him.

"I am going into training at once to beat Gans, and I will do it to the best of my ability," asserted Nelson yesterday. "Gans will have to fight when he comes into the ring at Goldfield. If he tries to fake as he has done so many times in the past he will not have any support from me. I have always fought square and I intend to repeat in the coming scrap my record of the mills I have already participated in.

"My weight at the present time is only 134 pounds, so you can see that it will be easy for me to make the weight agreed on in the articles signed. It will only take me one day to get down to the weight and I think that Gans can make it also.

"The time I fought Herrera in Butte I was not bothered by the altitude and I do not expect that the elevation at Goldfield will make any difference with my showing. Gans may make the excuse if he is beaten that he was affected by the altitude. If I am worsted in the championship fight it will be because I am not the best man and that will be my only reason.

"The assertions which have been published that Nolan my manager and I have had disagreements are all to the bad. Bill we have always been the best of friends and I have always had the fullest confidence in his executive ability. All assertions to the contrary are false. Why the story is ridiculous! It resembles the tale published about me once when I was purported to be married to one girl and the same day another sued me for breach of promise. Both were false."

HERMANN WINS FROM YANGER

INDIANAPOLIS, Aug. 10.—Kid Hermann of Chicago was given the decision over Benny Yanger in a glove contest tonight at the end of the tenth round before 3,500 people at the baseball park. The conditions of the match were ten rounds on time, free in clinches. Both men were under the 133-pound weight.

Hermann continued infighting tactics throughout the contest. Frequent clinches and hard hitting characterized the bout. Yanger, though fighting back hard, was against the ropes in several rounds and the decision of Referee Abe Pollock met with favor. Hermann was a 1 to 2 favorite in the betting.

Hermann forced the fighting in the first and second rounds, getting close to his man and hammering at the ribs. Honors were even in the third, which was characterized by hard fast fighting by both men. In the fourth, however, two hard left hooks to the head shook Yanger considerably. Both men were swinging wide when the bell rang. Yanger fought cautiously in the fifth round and in the sixth forced the fighting, reaching Hermann with left and right on the body and again with his right to the ribs.

He fully held his own in the seventh, which was full of hard fighting, but in the eighth Hermann's continual pounding of Yanger's ribs began to have its effect and the little Italian slowed down. Yanger fought hard in the ninth and tenth, but in the latter round received a hard left to the chin that sent him to the ropes. The men were fighting hard at close quarters when time was called.

ESCAPED PRISONER CAUGHT AFTER CHASE

Tells of Plan to Break Out and of Operations of His Two Companions Who Are Still at Liberty—Posses Are on the Trail

(Continued from Page One.)

bunks were found vacant, the hole in the prison wall discovered and the alarm sounded.

In a few moments every available man in the prison was ready for duty and soon the trail of the fugitives was discovered and the chase taken up.

Indians on Trail

Superintendent Asbury of the Indian school was communicated with and placed two experienced Indians on the trail. Followed by the posse they made their way across the plains in a southwesterly direction for about four miles when the tracks pointed up a deep canyon toward Clear Creek. By 10 o'clock the officers, headed by Bodie Wilson, came upon Vernon. The prisoner, trembling from fear, was lying on a slope overlooking Clear Creek. He was first to shout he was ready to surrender. When questioned he claimed he did not know which direction his companions had taken, but when their trail was later discovered he admitted they had taken a course toward Lake Tahoe in California. It is this trail that is now being followed by most of the posse.

The place where the three prisoners were confined is known as the "cage." It overlooks the dining room and is enclosed with solid steel bars and heavy locks. Exit from this place was effected by filing a lock and opening the door. It was then necessary for them to dig their way through thirty-six inches of granite. Once through this place they made their way to the prison kitchen and secured a number of knives and cleavers as well as a supply of food. Again they made their way around by the laundry and placing a board against the wall scaled the high enclosure and were at liberty. In the darkness they found no difficulty in getting off the prison grounds and making their way to the hills. The tools with which they effected their escape were made from steel scraps lying about the prison.

About 1 o'clock in the afternoon Vernon was brought back to prison. He was immediately placed in the cells set apart for condemned prisoners and will be kept there until the new cells are ready for occupancy.

Prisoner Makes Statement

The prisoner was asked for a statement for The Journal. He said:

"We left the prison shortly before 4 o'clock this morning. Judging from the manner in which I was caught I guess they found it out soon afterward. As soon as we got out we headed for the mountains. Arvido and Blackwell were carrying a sack of food. When we struck the canyon we followed it until we reached the creek. There we rested for I was tired out. Finally the other fellows started out and later I left in another direction, sitting down at the place where I was captured by Bodie Wilson. I did not know my escape was planned until I was awakened by Arvido and Blackwell about a half hour before we got out. Then they had everything ready to get away. It was done so quick the officers could not have prevented it. This is because they have about all they can do to keep track of the crowd in the bull pen."

Warden Considine early this week left for the southern part of the State in an effort to capture a Filipino trusty who escaped from prison a few weeks ago. He also went on mining business. Considine was communicated with this morning and is expected at Carson today to personally direct the chase for the escapes. In the meantime a number of the new steel cells were fitted up yesterday and last night every prisoner in the penitentiary was crowded into the new and much more secure quarters.

Last evening it was learned that Blackwell has an application for a pardon pending before the Prison Board. This was to have been acted upon today and from reliable sources it is stated the application would have been favorably considered.

Arvido had been in jail about a year. At present he has an application for a new trial pending before the Supreme Court.

HOT CHASE ENDS IN CAPTURE OF THIEF

Young Man Attempts to Steal Cash Drawer and Is Pursued by a Mob—Has Many Watches on His Person When Searched

BERKELEY, Cal., Aug. 10.—A well-dressed young man giving his name as Alfred Johnson and his address as No. 186 East One Hundred and Eleventh Street, New York City, was captured today after a most exciting chase in which several hundred college students and pedestrians joined.

The young man had attempted to steal a wooden cash drawer containing over $1,355 from the jewelry store of R. F. Miller at No. 2144 Center Street in this city. Johnson entered Miller's store shortly after 1 o'clock this afternoon and presented a watch to the jeweler to have it repaired. While Miller's back was turned the man stepped behind the counter and pulled out the drawer. His action was noticed by Mrs. Miller, who was standing in a rear room. She called to her husband, who started in hot pursuit of the young man, who headed for the Southern Pacific depot. Here he ran against Army Officer Wooley, who succeeded in placing him under arrest. While searching Johnson this afternoon the police found a Chicago paper on him describing how he had stolen $800 worth of jewelry. A number of ladies' watches were also found on his person.

EXPLOSION BURNS SIX ON TORPEDO DESTROYER

Hot Rivet Is Dropped in a Pot of Varnish and Two Men Are Blown from Hold to the Deck Above—One May Die

NORFOLK, Va., Aug. 10.—Six men were burned by an explosion in the paint locker on the torpedo boat destroyer Worden late this afternoon at the Norfolk navy yard.

While driving rivets in the paint locker on the Worden one of the hot pieces of steel fell in a quantity of varnish, causing it to explode. The force of the explosion was so great that Robert White and William H. Wilson, who were driving the rivets, were blown through the opening leading to the paint locker and landed on deck.

Immediately after the explosion the little boat caught fire, but the flames were extinguished without material damage. Wilson was probably fatally injured.

SILVER PURCHASES WILL STIMULATE MINING

Veteran Writer on the Subject of Mines and Minerals Says the Government's Recent Action Means Much to the Western Country

DENVER, Aug. 10.—"The principal effect of the resumption of silver purchases by the Treasury Department, under the necessity of an increased demand for subsidiary coins," said General Frank Hall, the veteran mining writer, in a signed article in the Denver Post today, "will be to stimulate the production of silver-bearing ores from mines already opened. Certain mines that have been closed since 1893 will be reopened, because the market will be more stable and every present hope of an advance in price.

"This implies early enlargement of both milling and smelting facilities. It means, moreover, increased activity in all lines of business, the employment of more men and a flood of prosperity for all railways which penetrate the mining regions. It is also liable to multiply orders for mining machinery and all supplies entering into mine work.

"Nothing that has occurred in the last decade has caused more rejoicing among producers of mineral than the action taken by the Secretary of the Treasury just promulgated. The beneficial influence will be felt throughout Colorado and all the mining states of the West."

A Piano Sale That Is Breaking All Records

Because of our removal, we are selling our stock of high grade pianos at a big reduction.

Our policy has ever been to bring the highest grade instruments within the reach of the musically intelligent and ambitious, regardless of their financial status.

This policy has caused us to include in our stock such high grade and widely known instruments as: HARDMAN, CONOVER, MASON and HAMLIN, CABLE, LUDWIG, HARRINGTON, KINGSBURY, etc.

The sale we are now having includes all of these high grade and standard makes, every one is reduced.

Do not make the mistake of putting off attending this removal sale—come today. You will save money on your new piano.

Used Pianos

We have a few used pianos that are unusually good, and amazing bargains at the prices we are asking for them. All of these instruments are good lookers, and in fine condition.

Unusual Values

We have a few good, full value pianos in handsome cases and attractive designs, full octave, up-to-date instruments. These are not in our usual line, so we will sell them at any reasonable price offered.

Our Offer

Full purchase price will be allowed on these pianos for Knabe, or any of our high grade pianos, if exchanged within one year.

Our Terms

The usual easy terms will be given during this removal sale on all pianos.

ROMANCE ENDS IN LONG TRIP TO MARRY

Miss Etta Smith Journeys from Salem, O., to Become Wife of John Anderson, an Old Virginia City Boy—Couple Will Leave Here Today.

A romance which began three years ago when they met at the home of a mutual friend in Salt Lake will result in the marriage today at the residence of F. L. Bingham in Reno of Miss Etta Smith of Salem, O., and John M. Anderson of San Francisco.

Miss Smith arrived in this city last night having made the trip half way across the continent to accept the man she loves. The wedding today will be a quiet affair. Rev. S. H. Jones of the Presbyterian Church will officiate. After a simple breakfast the wedded couple will depart for San Francisco.

J. M. Anderson is an old Virginia City boy and he is well known to many residents of Reno and the Comstock. He is employed as a mail clerk on the Shasta route of the Southern Pacific. While working in a similar position for the Oregon Short Line he met Miss Smith three years ago.

After being introduced Miss Smith and Anderson became the proverbial lovers. She returned to her home in Ohio and he was transferred to a position on the coast. Still they kept up a correspondence and now it has developed in her long trip to Reno.

BOGUE CHAGRINED AT DELAYED ROAD WORK

Vice-President Bogue of the Western Pacific has been examining the work of the men employed on the railroad construction near Chilcoot and it is alleged that he is highly displeased with the slowness of the contractors.

The Utah Construction Company composed of firms prominent among whom are the Fowler Brothers is having great difficulty in procuring men for the tunnel work. The entire situation is said to conform with the statement made by Superintendent Dunaway of the Nevada-California-Oregon Railroad in that a generation may pass before traffic is in operation across the continent over this, the Gould line.

It is alleged that there are only seventy-five men at work on the tunnel at Chilcoot where there should be 300 and this same condition of affairs is said to be prevalent along the entire route where grading or tunneling is in progress.

DROWNED IN WALKER LAKE

Lloyd Henley, the 15-year-old son of Mr. and Mrs. W. J. Henley of Hawthorne, was drowned Thursday in Walker Lake. The dead boy's mother is a sister of S. H. Rosenthal of this city. No particulars of the affair have been received but it is thought that the boy was drowned while boating on the lake.

Tobin's Tenor Voice Pride of Townsmen

RICHARD TOBIN went to Boston three years ago a singer; he has returned a singer and an artist as well. He went away with a beautiful voice; he returns with that same voice broadened, bigger and more beautiful. The singer of other days retains all that charmed then; the same sweetness is there, the same intangible something that causes a thrill or a tear to start at a tone, but he has gained in repression, in poise and poise, and he has added poetry to song.

This much was demonstrated last night to as many people as McKissick's Opera House could hold.

But it was not demonstrated in the first group of songs. A man who could return to his fellows and face such a house as Dick did last night and who felt that everyone there was a friend who had boasted in the past about Tobin's voice, a singer who could face such a reception and not be moved would have to be provided with putty instead of nerve and be devoid of the temperament that goes with an artist. And so it happened that Tobin was nervous in his first group of songs. He was afraid of his friends—and who are worse critics than friends—but he sang through the group, the last song of which commenced to show what he could do. In his second contribution, the Donizetti aria, he really began. His hearers commenced to sit up and listen and the wealth of Dick's music commenced to win that audience. A storm of applause brought out the old English melody that Bispham helped make so popular, "Drink to Me Only With Thine Eyes." The singer stood revealed in that little song. Anyone can sing a florid song but it takes an artist to sing a simple folk tune. Dick did. From there on he owned the house and until he sent his auditors home with a lump in full throat and lusty singing in their ears it was an ovation for a new singer in Nevada.

It would be unfair to the tenor to declare his study finished and his art matured fully. He is not yet what he will be. There is plenty of room to grow in the art of singing, but Tobin is well along the road that leads to Parnassus; his fellowship is with artists and he belongs to the brotherhood.

Splendid assistance was rendered Tobin last night by others on the programme. Tobin's success could not have been what it was had it not been for the extremely sensitive accompaniments of W. J. Corris at the piano. He lifted the accompaniments of the Schubert group of songs into the dignity of a duet part. By the Sea, impressive in its simplicity, indeed sung with reverence by Tobin, was beautifully done at the piano. It was a duet, so was "Hark! Hark the Lark," by Schubert, the vocal melody and accompaniment making a triple whole. Corris is a splendid accompanist. Miss Corey was heard to advantage in a Nevin and a Lanning song. Her voice is sweet, her singing free from affectation, and her songs were greatly enjoyed. Miss Hazel Piper played marvelously the Wagner Fire Music and a Reinhold number. Though her eyes do not see, her ears hear and her fingers interpret to her audience. Mrs. L. S. Lansford's contralto voice was heard in two pretty little songs of Neidlinger and a more pretentious song by Fanning. W. C. Van Buren at the piano was most acceptable in two Chopin compositions and the Liszt Liebestraume. He proved himself a valuable addition to a programme that was full of good things. Van Buren's touch is clean and his interpretation keen, discriminating, and ...

But one regret was felt last night and that was when the last number was done and the concert over. Then there came the consciousness that Tobin is going back to Boston soon.

PAYING TELLER IS NEXT TO END HIS LIFE

Employe of the Defunct Bank in Chicago Unable to Bear the Taunts of His Neighbors Over the Failure—Fires Bullet Into Head

CHICAGO, Aug. 10.—Frank Kowalski, paying teller of the Milwaukee Avenue State Bank, which failed last Monday, and for some time assistant receiving teller in addition to his other duties, shot and killed himself tonight at his home, 40 North Carpenter street. Criticism by neighbors and lifelong friends who accused him of a share in the downfall of the bank is believed to have driven Kowalski to his death.

Kowalski had complained bitterly of the suspicions of his friends and declared that unless his character was speedily cleared he would take his own life.

Employed for Thirteen Years

Kowalski's relatives assert their firm belief that he was innocent of any knowledge of the mismanagement of the bank by President Stensland. When the bank failed Kowalski had $700 of his own money on deposit in the institution and his immediate relatives nearly $50,000. Had the teller known of Stensland's defalcations, they assert, he would at least have notified his relatives and would have taken his own money out of the institution.

The dead teller, who was 29 years old, had been with the bank for thirteen years.

While search for Paul O. Stensland, the missing president, is being extended to all parts of the country, Cashier Hering, who was arrested yesterday, spent today with the State's representatives and Bank Examiner Jones in examining the bank's collateral in an effort to determine how much the president is short in his accounts.

Find Forged Notes

After an all day search forged notes aggregating more than $500,000 were found and are now in the possession of the State attorney, who will use them in the prosecution of the officials responsible for their utterance. From statements made today by Hering regarding loans made by Stensland as banker to himself and the shortages found by previous investigations it is asserted tonight that when a final adjustment of the affairs of the bank is made it will be found that President Stensland's defalcations will aggregate nearly $6,000,000.

AUTO IS WRECKED KILLING ONE WOMAN

Runs Into Mounted Policeman, Three Persons Are Hurt and One Dies as Result of Fall from Machine at Time of Collision

NEW YORK, Aug. 10.—When an automobile owned and driven by Steward Elliott ran into a mounted policeman in the Bronx early today, Mrs. Howard of 625 Tremont avenue, Baltimore, was thrown out and so severely injured that she died tonight in Fordham Hospital. Mrs. Margaret Evans of this city, also of the party, is still in the hospital seriously hurt. Elliott and the policeman, Harry L. Smith, were slightly injured. The mounted officer was riding after the automobile in an attempt to arrest the driver of the machine for an alleged violation of the speed law. He galloped alongside the car when it swerved toward him. The horse stumbled and fell and the auto was thrown into a tree, then was wrecked. Elliott was taken into custody but was released early in the day. Following the death of Mrs. Howard tonight, however, Elliott's re-arrest was ordered by the Coroner.

BEGS ALMS FROM A RENO POLICEMAN

While begging on the streets this morning James Gallagher sought the price of a meal from Policeman Rockwell, the latter being dressed in civilian's clothes.

"Sure I'll accommodate you," said the policeman. "I run a hotel. Come along with me."

Gallagher was taken by the arm and for two paces he was gently led towards the City Prison. The hungry man jumped away leaving his coat in the policeman's grip, but the latter tripped him up and then dragged him fighting to prison.

CLAY PETERS SELLS NEVADA MINING PROPERTY

Indian Camp Extension Group Is Taken Up by Los Angeles Capitalists and Will Be Exploited—Sale Involves $50,000

LOS ANGELES, Aug. 10.—Clay Peters, the millionaire mine-owner of Tonopah, arrived from the Manhattan mining camp a few days ago and is a guest at the Lankershim hotel.

He came here for the express purpose of interesting capitalists in the Indian Camp Extension mine, which he regards as one of the most promising properties in the state of Nevada. He succeeded in his mission before he had been in the city three hours.

A company of local capitalists headed by the Pacific Coast Mines bureau purchased from Mr. Peters one-half interest in the Indian Camp Extension mine, the purchase price being $50,000. One of the buyers was B. M. Blythe of Monrovia, who is already heavily interested in Manhattan properties.

Mr. Peters also transferred to the buyers the right to develop the mine and as soon as that understanding was reached a telegram was sent to Manhattan directing Captain Henry Harrison, the Manhattan representative of Mr. Blythe and his associates, to take the property in hand at once and begin development work.

In describing the property on which he had just realized $50,000, Mr. Peters said:

"The property of the Indian Camp Extension Mining company, which was formerly the Manhattan Auction company, consists of two claims, the Auction and Boston. These claims are situated in the heart of the Manhattan district and within a few hundred feet of the greatest mines in the Manhattan section.

"The claims were located by W. J. Clark, a pioneer in the Manhattan district, who sold the control to the Indian Camp Extension Mining company, but retaining an interest. The claims are located on the western slope and the lower portion of the famous Gold Hill, upon which is located the Union No. 9, the Jumping Jack, Stray Dog, Crescent and Indian Camp claims.

"The Indian Camp ledges have a strike in the direction of the claims owned by the Indian Camp Extension Mining company.

"The merits of the various properties enumerated has been fully demonstrated and is too well known to necessitate a detailed statement. Very recently strikes of great value have been made in other properties adjacent, one of these being the Wolf Tone, in which ore of high value has recently been discovered."

MINE NEAR THIS CITY HAS BEGUN ORE SHIPPING

Metallurgist George W. Clinton Tells of Progress of the Mine Belonging to the Commonwealth Company—Is Sending 100 Tons Per Day.

George W. Clinton, metallurgist for the Nevada Commonwealth Mining Company, is elated over the recent showings made by the mine which at first, according to report, was greatly over-advertised, but has succeeded, apparently, in holding its own, and will end, say many, in making a great mine, and a great reputation for the mining district immediately adjoining Reno.

Clinton has arranged for two cars per day from the Southern Pacific Company, each car to have a capacity of fifty tons. Shipments have already been made, but on Sunday they will be made regularly, fifty tons going out in the day time and fifty at night. It is a smelting proposition, the ore that is being handled now, and it will be sent to Murray, near Salt Lake. The ore averages $35 to the ton, and the mining, smelting and shipping expenses amount, says Clinton, to but $14 per ton. This leaves a net profit to the shareholders of $21 per ton.

The mine is only fifteen miles from Reno and the railroad, in view of the increasing shipments, is arranging for a new siding and depot at Galena Station. Seventy men are now employed in working the mine.

In speaking of the matter yesterday, Clinton said:

"We have on the ground a complete outfit of machinery for a 200-ton mill and the mill will have a capacity of 500 tons per day if needed. On the lower levels we have from twelve to thirty-six feet of milling ore; on the upper levels we have the shipping ore which we are now sending to the smelter at the rate of 100 tons per day. This ore body is immense in extent, and if its character in values keep up, as every indication points that it will do, there is a great bonanza almost in sight of Reno."

Don't Be Blue

and lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for these troubles on the market. I have used it constantly. I believe it to be the best medicine of its kind and I wish all sufferers from these troubles to know the good Herbine has done me."

MINING MEN ARE NEEDED BADLY AT ELY

A Thousand Men Will Be Needed to Build and Operate Concentrator in Copper District—Smelter Will Have Capacity of 10,000 Tons Per Day

Boulder Hudgins, editor and proprietor of the White Pine News of Ely is in Salt Lake, arranging to buy supplies to be used in establishing a commissariat on the smelter site at that place.

He asserts that his arrangements cover the details of maintaining 1,000 men which he announces will be needed to build the proposed concentrator and smelter. This, he declares, will have a daily capacity of 10,000 tons per day.

"The old site on the outskirts of the town may be abandoned for a new one fifteen miles distant, near the mouth of Duck Creek, for which numerous advantages are claimed, pertaining chiefly to water supply," said Hudgins. "Ex-Senator Thomas Kearns and David Keith has a good property in their Success mine in Duck Creek, with lead values running well above 20 per cent. Local prospectors have recently picked up the Keith-Kearns ledge on the opposite side of the mountain. This prospect could have been bought four weeks ago for $200, but cannot be touched now for $100,000.

This continued discovery of lead has created considerable excitement in that section. "Ely is looking forward to the completion of the Nevada Northern Railway. The last spike to be driven will be made of local copper. President S. W. Eccles of the Nevada Northern will yield the sledge, while Governor John Sparks will be chief culinary director at a barbecue proposed. A banquet for the visitors and a ball will close the day's celebration. The road is now within twenty-five miles of Ely. "We need miners, cooks, waiters, butchers, unskilled laborers, bankers, machinists, carpenters, plasterers and paperhangers at Ely. There is plenty of work for willing men. We have enough captains of industry. What we need is a few corporals and a good many privates.

MINA WILL YIELD A VAST WEALTH OF MINERAL

Copper Mines of the Pilot Range Promise Great Things — Boston Company Bonds Group Near Luning —Has a Ledge 15 to 21 per Cent.

Among the big mining propositions of this State there are few that exceed the copper mines of the Pilot range near Mina. A Boston company has recently bonded a group of mines within seven miles of Luning on the railroad and has a ledge that runs from 15 to 21 per cent in copper. It has built houses for the men, piped in water and under the superintendency of Joseph Marshall is working twenty men to develop the property. The ledge is wide, averaging thirty feet, and with its superior railroad facilities the district should prove another bonanza for Nevada.

These mines are ten miles to the north of Mina, while to the south there is a group of claims owned by Henry Toft and James Plaint that can easily produce sufficient ore to run a smelter on lead, silver and gold. Toft and Plaint have been working on their property for about a year and a half and the developments are of such character as to warrant the belief that the possibilities of the section are scarcely realized at present. Even by those who are familiar with the wonderful discoveries in the south during the past few years.

Mention is made of the two properties as illustrations, but a full list of the claims that have sufficient showing to permit of being termed as out of the class of prospects would look like a catalogue.

DOCUMENTS OF RECORD.

The following mining locations were filed for record yesterday at the office of the county recorder:

Black Hawk and North King Solomon, in the Dogskin district, by S. Harper.

The Emeralda, in the Emeralda district, by George Litch and Ed Maxwell.

MINES AND STOCKS

BY THE J. M. FULTON BROKERAGE COMPANY

Goldfield Laguna sold on the San Francisco Stock Exchange today at 35 cents, an advance of 7 cents. At our recommendation a number of our patrons purchased this stock from 19 to 23 cents.

Tonopah West End sold today for $3, the highest figure it has reached since the San Francisco disaster. Golden Anchor sold for 60 cents. The balance of the Tonopahs remained inactive.

Mohawk continues to advance, selling today at $2.35 and $2.40, a stock that three months ago sold for 50 cents, and at which price we advised its purchase. The Goldfields generally were active. Silver Pick sold for 37 cents, Combination Fraction 66 cents, an advance of 9 cents. Goldfield Belmont showed a slight advance.

Ten cents was bid for Bullfrog Nugget in San Francisco today, but there were no sales. We advised the purchase of this stock at 6 cents, and think it a good buy at the present price. Gold Bar was $1.20 bid and $1.25 asked. Steinway advanced slightly.

Over 30,000 shares of Jumping Jack changed hands on the San Francisco Exchange today at 33 and 34 cents. Manhattan Consolidated is slowly advancing, $1.20 bid and $1.22½ asked.

STOCK MARKET IS SLUGGISH IN TONE

Money Market Conditions Firmer, Grains Are Firm on the Government Crop Report, Wools Steady, Produce Steady, Livestock Unchanged

NEW YORK, Aug. 10.—Today's stock market was held suspended between the influences of the rising rates for call money and the extraordinary figures of the Government's report of the condition of the great cereal crop. There was a brief and slight hardening of prices of stocks following the publication of the Government crop report which served only to about restore the level of prices to where they left off last night. But the market fell back again into a torpid state after this brief sign of animation. The promise of the crops, according to the estimates of the Agricultural Department, served to explain the growing confidence in financial circles that the embarrassments in the situation, due to the heavy over-commitments of capital in fixed forms, give good promise of workout.

But the money situation undoubtedly had an important part in the restraint on the stock market. Call loan rates for time loans were also higher. Estimates of the week's currency movement indicate only a slight movement on balance against New York to be added to the $2,000,000 lent to the sub-treasury.

The general stock market was sluggish and narrow throughout. The freedom of the call loan market from a final flurry which was somewhat feared prompted a stiffening of prices at the last which established the day's gain for the few strong stocks. Net changes as a rule, however, were trivial. The closing tone was steady.

Total sales of bonds, par value, $1,720,000.

United States bonds were all unchanged on call.

Grain and Produce

CHICAGO, Aug. 10.—The publication of the Government report came late in the day and injected some animation into a previously inert session. According to the Government experts the total yield of Wheat in the United States this year will amount to 790,000,000 bushels, as compared with an actual yield last year of 692,000,000 bushels. The official statistics indicated a decline of 4.5 points in the condition of spring Wheat, but this was more than offset by the enormous total yield of winter and spring Wheat. The Government report caused considerable profit taking and resulted in moderate declines. Early in the day the market held quite firm as a result of a fair advance in the price of Wheat at Liverpool. The close was weak. September opened ⅛c lower to ⅜c higher at 72¼c to 72½c, sold up to 72⅝c and then declined to 71⅞@72c. The close was ⅜c off at 72c.

A total yield this year of 2,651,000,000 bushels of Corn as indicated by the Government report had a weakening effect on the Corn market in general. The September delivery, however, was upheld by small local receipts and light stocks. September closed practically unchanged at 49¼c.

Notwithstanding a bullish report for Oats, the market closed barely steady. Official figures indicated a total yield of 801,000,000 bushels, which is 17 per cent less than the amount of last year's crop. September closed unchanged at 31c.

Provisions were inclined to weakness because of a continuance of liberal receipts of live hogs. At the close September Pork was off 5c at $16.90, Lard was a shade higher at $8.70@8.72½, Ribs were down 5@7½c at $9.00.

PROPOSALS FOR BIDS

Building contractors are hereby notified that the plans and specifications of the Mackay building for the School of Mines will be ready for inspection at the office of the Board of Regents at Reno, Nevada, from and after Wednesday, July 11, 1906. It is desired by Mr. Mackay that the contractors submit sealed bids for the erection of said building, according to the plans and specifications, on or before 10 o'clock a. m., Saturday, July 25, 1906.

These sealed bids will be forwarded to Architect William S. Richardson of the firm of McKim, Mead and White, architects, New York City, who has been entrusted by Mr. Mackay with the responsibility of letting the contracts for the building and the erection of the same. Each bid should be accompanied by a certified check for $500, as evidence of good faith on the part of the contractors. Mr. Richardson reserves the right to reject any and all bids.

(Signed) OSCAR J. SMITH,
Chairman of the Board of Regents.
(Signed) GEO. H. TAYLOR,
Secretary of the Board of Regents.

Owing to the delay attending the arrival of the plans and specifications of the Mackay Building for the School of Mines, the time for the proposal of bids to be submitted is herewith extended to ten (10) o'clock A. M., Saturday, August 4th, 1906, at the office of the Board of Regents, University of Nevada, Reno, Nevada.
(Signed) GEORGE H. TAYLOR,
Secretary Board of Regents.

BIDS WANTED

The City Council of the City of Reno will receive sealed bids to excavate for, lay, backfill and complete ready for use, fifty-three hundred feet, more or less of sewer on Spokane Street, from Fourth Street north to where Sixth Street extended would intersect said Spokane Street, thence westerly to Sixth Street, thence along Sixth Street to Sierra Street, in said City, according to the plans and grades now on file for public inspection in the office of the City Engineer of said City. Each bid must be accompanied by a certified check equal to 10 per cent of the total amount bid, which check will be retained in the office of the City Clerk until the bid is rejected or until a good and sufficient bond for the faithful performance of the contract is entered into, as a forfeit, and to be retained by said City as liquidated damages in case of failure on the part of the successful bidder to enter into contract with said City or to furnish said bond.

All bids shall be filed with the City Clerk of said City on or before 12 o'clock noon of Monday, the 13th day of August, 1906, to be opened at 2 P. M. of said day. The City Council hereby reserves the right to reject any or all bids.

By order of the City Council.
N. E. WILSON,
Mayor Pro Tempore.
Attest: H. E. Christie, City Clerk.

SHERIFF'S SALE

Sheriff's Office, County of Washoe, State of Nevada—ss.

Under and by virtue of an execution issued out of the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, wherein J. E. Wittie, plaintiff, and M. W. Jelenick, defendant, upon a judgment rendered on the 3rd day of August, A. D. 1906, for the sum of $2000.00, United States gold coin, with interest thereon at the rate of seven per cent per annum from the 14th day of October, 1903, amounting to the sum of $390.80, on August 3rd, 1906, besides costs, amounting to the sum of $70.80, and accruing costs, I have this day levied upon all the right, title and interest of said defendant M. W. Jelenick, of, in and to the following described real estate; said interest being an undivided one-third of, in and to the Jumper Mining claim, situated in Olinghouse Canyon, White Horse Mining District, Washoe County, Nevada, and more particularly described as being situated at the base of the Green Hill, and adjoining the Gold King mining claim, on the east side line of said Gold King mining claim, and being the mining claim located by George Abbay, A. Russel and D. H. Sisson, on the 12th day of May, A. D. 1897, and a copy of the location notice being recorded in book C., of Mining Locations, of Washoe County, State of Nevada, at pages 74 and 75.

Public notice is hereby given that I will, on the 28th day of August, A. D. 1906, at 2 o'clock p. m. of said day in front of the Court House door, in the City of Reno, County of Washoe, sell at public auction, for United States gold coin, all the right, title and interest of said defendant, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest, costs and accruing costs, to the highest and best bidder.

C. P. FERREL,
Sheriff of Washoe County.
Dated this 3rd day of August, 1906.

EDITORIAL COMMENT

INTEMPERATE JOURNALISM

MORE in pity than in contempt, the Journal feels called upon at this time to pay heed to a violent article in the evening paper of Thursday. We are charitable enough to believe that the writer of the article in question permitted his temper to get the better of his judgment. There was apparently no attempt made to answer the statement of facts that presumably called forth the billingsgate. As a rule, the Journal does not believe the general public is interested in abusive personalities. They are generally regarded as the last resort of a person who has no other means of defense and as a confession of weakness rather than strength. It requires no special training in journalism to acquire a vocabulary that would put a fishwoman to shame. Certainly they have no place in decent journalism and are only affected by those new to the editorial tripod. It is true there are occasions when strong language is the only effective means of reaching some people, but, in our opinion, should never be used by one member of the profession against another and especially to the exclusion of the subject matter at issue.

The article that caused the editor of our esteemed contemporary to so far forget himself, contained the assertion that he was a very recent acquisition to the State and yet he had assumed the right, simply because he had the power and the organ, to criticize men and their motives so scandalously as to bring down upon himself the condemnation of every right thinking man in the community. The Journal cannot bring itself to believe that either a public or private citizen should be made the target for unbridled criticism when he has no means of protecting himself. It is simply an abuse of the so-called "freedom of the press." It is liberty degenerated into license. The writer can assure the choleric young scribe that he has no intention of availing himself of the implied invitation to take his satisfaction out of the hide of his brother journalist. The disparity would be so great that it would necessitate a considerable reduction in avoirdupois if the contest were made at all an equal one and the writer is not so bloodthirsty as to believe the satisfaction derived would warrant the sacrifice either in flesh or dignity.

With reference to that portion of his screed wherein he disclaims having been a party to permitting his name to be mentioned in connection with a legislative position, we have only to say that if he will go through his files carefully covering the past two or three months we believe he will find that an alleged Carson correspondent used his name in that connection and that it was published in his columns.

In conclusion, we will say that the writer asks no mercy from his contemporary, believing that a continuance of the present policy of that paper can only result in his own undoing. In fact, we are rather proud than otherwise of the company we are in among those who have come into sufficient prominence as to warrant a "black type" mention in a "top of column next to reading matter" position in the Evening Scold.

REPUBLICAN ticket for 1908 For President, Joseph G. Cannon of Illinois; for Vice-President, J. Ogden Armour of the Beef Trust

EDWARD ROSEWATER of the Omaha Bee will probably be the next United States Senator from Nebraska. Leslie's Weekly says he would be a potent force for good in the Upper House of Congress. A little Rosewater certainly would do some good in the Senate although for our part we should prefer chloride of lime.

A GEORGIA clerk, with the suggestive name of Willie, dropped a chisel into a box of dynamite the other day. He'll never be so careless again.

THE ink of the President's pen is hardly dry on the signature to the rate bill when the railroads begin planning how they shall make a farce of the measure. At times it seems that another Reign of Terror might be the only way of reforming the big corporations of the country.

NASHVILLE

NASHVILLE is situated at the Eastern base of Fred's Mountain, 20 miles North of Reno.

Fred's Mountain is proving to be one of the richest mineral mountains on the Pacific Coast.

Plenty of wood and water.

The ore averages over $100 per ton. Some specimens run as high as $16,000.

Lots in Nashville are selling like hot cakes at from $75 to $250.

More big fortunes have been made by wise investments in town lots than in any other line of speculation.

Come and talk the matter over with me at my office at 228 Center Street.
